DETAILED ACTION

Allowable Subject Matter

1. Claims 1-8 and 10-12 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The Applicant, in his "Amendment in Response to Non-Final Office Action" received September 4, 2003, canceled claim 9, added claim 12, and amended claims 1-8 and 10-11 incorporating into claim 1 the allowable subject matter of claims 9 and 10, as indicated by the Examiner in the first Office Action.

With respect to the 35 U.S.C. 102(b) rejections of the independent claim 1, the Applicant demonstrated to the Examiner's satisfaction that with the new amendments to claim 1, the primary reference of Hancock et al. (5,716,825) is no longer applicable to the Applicant's invention. Hancock et al., as well as any other prior art, fail to disclose a microfluidic device in the form of a disc comprising several MS-ports for the presentation of an MS-analyte to an EDI-MS apparatus, wherein each of the microchannel structures are oriented radially in the disc and arranged annularly around a spinning axis of the disc; and comprising an area (EDI area) for presenting the MS-analyte to a mass spectrometer,

The dependent claims 2-8 and 10-12 are allowed by virtue of their dependence upon claim 1.
